### What is ATDC ?

About 10 years ago, Shinichi Ichikawa, a member of The Television and Radio Writers' Association (TRWA) from Japan and Shin Hyun-taek, a member of Korea Foundation for International Culture Exchange (KOFICE) cofounded ATDC for the common purpose of developing Asia as the center of cultural content industry aiming for it to be bigger than that of Hollywood.

The 10<sup>th</sup> ATDC report is available at the link below:
